

# Improving palliative care in care homes for older people

Are you interested in improving the care for older people living and dying in nursing homes?

Do you want to ensure that they have the best possible quality of life and quality of death?

**If so, then this course is for you.**

**A Free Online Course  
starting 9th March 2020**

# Improving palliative care in care homes for older people

Join us on our free Massive, Open, Online Course (MOOC) starting on

**Monday 9th March 2020**

This 3-week course will be of interest to all staff working in care homes including managers, physicians, clinicians, care workers, social care workers and therapy staff.

The PACE Steps to Success programme will show you how to make six practical and organisational changes that improve care for older people, their families and staff working in, and with, care homes. You will hear from people using the programme in many European countries.

*The course is taught by leading experts in the field and includes: Professor Lieve van den Block, Professor Katherine Froggatt, Dr Jo Hockley and Professor Sheila Payne*

**Registration Open Now**

Lancaster  
University
